So it's happiness all around with you and your team" - *Robyn Snyder, Executive Producer - A Perfect Pairing, February 2022.*

"We are finishing up the mix and absolutely loving the way you recorded the dialogue. Luke (Mynott) loves it and Pete Smith the mixer said he loves your work. They said it's really rare that campfire dialogue is so clean. Not only is the sound quality great, but just hanging out with you as a person along with your wonderful team was simply fantastic. I watched it on the big screen in the edit suite and heard it on big speakers and was surprisingly moved by the film in ways I'd become numb to due to repeated views -
